EXPERIENCE

Software Engineering Intern — May 2024 - Aug 2024
Idemia NSS

· Operated in a confidential environment, ensuring the integrity of sensitive work for government clients.
· Developed software in a collaborative team setting, implementing SAFe 6.0 principles and practices.
· Participated in code reviews and demos, utilizing a variety of tools and programming languages to develop efficient and effective code solutions.

Undergraduate Research — Jan 2023 - Present
WVU Office of Undergraduate Research

· Researching Architectural Technical Debt (ATD) alongside Professors Dzielski and Alshehri.
· Writing a research paper diving into the refactoring of ATD to be soon submitted to a conference.
· Presented weekly presentations/summaries of my work to my professors through the 2 semester WVU Research Apprenticeship Program.

Maintenance Worker — May 2023 - Aug 2023
Bible Center

· Collaborated with a maintenance team to preserve the cleanliness of both church and school facilities.
· Performed full-time janitorial duties, including waxing, mopping, vacuuming, and building maintenance.
· Managed facility operations, including opening/closing procedures, and overseeing new renovations.

EDUCATION

West Virginia University — *Aug 2022 - May 2026*
B.S. Computer Science, B.S.B.A Finance — GPA: 3.97

LEADERSHIP

Presidential Student Ambassador — Jan 2023 - Present
West Virginia University

· Represent the student voice by suggesting campus improvements to university staff at PSA Summits.
· Perform speeches and organize meetings to guide confused and new students through college life.

Life Group Leader — Aug 2023 - Present
Cru Ministries

· Lead a weekly Life Group of 15-20 consistent members, guiding intentional conversation in scripture.
· Plan events in monthly leadership meetings, and enhance spiritual growth through discipleship.
